

\$30 Donation to McGuinness McDermott

Support the McGuinness McDermott Foundation in their fight against cancer by purchasing a Bosch gas hot water system in this store from June to August.

For every Bosch gas hot water system sold, Bosch together with this store will donate \$30 to the McGuinness McDermott Foundation. The donation will help providing funds for oncology projects to support children with cancer and their families. Thank you for supporting the McGuinness McDermott Foundation. www.bosch.com.au
