

VEEC

Hot Water Systems

Energy Saver Incentive

Consumers in respect of whom a prescribed activity is undertaken can create Victorian energy efficiency certificates (VEECs) under the Victorian Energy Efficiency Target Act 2007. One VEEC represents one tonne of carbon dioxide equivalent (CO₂-e) to be reduced by the prescribed activity undertaken by the consumer.

Consumer Details and Installation Address (can not be a P.O. Box)

Title: _____ First Name: _____
 Surname: _____
 Street No: _____ Street Name: _____

 Suburb: _____ Postcode: _____
 State: _____ Daytime ph: _____
 Postal Address: _____

 Installation Date: ____/____/____

Installer Details and Company Address

First Name: _____ Surname: _____
 Company Name: _____
 Street No: _____ Street Name: _____
 Suburb: _____ Postcode: _____
 State: _____ Daytime ph: _____
 Electrician License Number: _____
 Plumber License Number: _____
 Have you completed solar hot water system installation training? Yes No
 If **yes**, please state which organisation conducted the training session:

Hot Water System Activities

What activity has been conducted?

IA Decommissioning and replacing electric and installing gas/LPG storage
IB Decommissioning and replacing electric and installing gas/LPG instantaneous
IC Decommissioning and replacing electric and installing electric boosted solar / Heat pump
ID Decommissioning and replacing electric and installing gas/LPG boosted solar
2 Installing solar retrofit on electric
3 Decommissioning and replacing gas/LPG and installing gas/LPG boosted solar
4 Installing solar pre-heater on gas/LPG

Is this a new gas connection? Yes No

New System Details

System Brand: _____
 System Model: _____
 (as registered with the ESC)
 Tank Serial # : _____
 Collector Serial # (SWH only): _____

Compliance Certification Details

Plumbing Compliance Certificate Number: _____
 Was a certificate of electrical safety issued for the work? Yes No CES Number: _____

Form of Benefit

Form of benefit provided: Upfront cash Price Reduction Delayed cash Free installation Other (describe) _____
 Number of VEECs eligible for this activity type: _____

To calculate VEECs contact us or visit www.esc.vic.gov.au/public/VEET/VEEC+Calculators.htm

Declaration by Consumer

I hereby declare that;

- I am the tenant/landlord/owner of the residence at the above installation address.
- the information provided by the installer is correct and complete.
- I understand that by signing this form I am assigning the right to create VEECs for the system to Greenbank Environmental Pty Ltd.
- the Essential Services Commission has the right to inspect the installed system with reasonable notice.
- I understand that information on this form will be disclosed to the Essential Services Commission for the purpose of creating VEECs under the Victorian Energy Efficiency Target Act 2007 and for related verification, audit and scheme monitoring purposes.
- I am aware that penalties can be applied for providing misleading information in this form under the Victorian Energy Efficiency Target ACT 2007.
- The decommissioned system was in working order at the time it was decommissioned.
- I will also, as necessary, fully co-operate with Greenbank Environmental Pty Ltd to resolve any errors or omissions associated with this VEEC Assignment Form.

CHECKED

PAID

VEEC Hot Water Systems Energy Saver Incentive

Check list. This is Mandatory.

- I have attached a proof of installation in the form of the plumbers compliance certificate, which also describes how the Water Heater (unit type, make & model) was decommissioned and disposed of: Yes
- I have attached the invoice showing the system model purchased (as listed with the ESC): Yes
- I have attached a copy of the certificate of electrical safety: Yes No, a certificate was not issued for this job.

Details of Decommission System (if legible)

Brand: _____	Model: _____	Tank Size: _____	Serial Number _____
Type of System: <input type="checkbox"/> Gas <input type="checkbox"/> Electric	Approximate Age: _____		
Please describe how the system was decommissioned:			
The storage tank was decommissioned by: _____			
The system has been disconnected from the electricity/gas supply: <input type="checkbox"/> Yes <input type="checkbox"/> No			
Method of disposal (or reason if not disposed): _____			
Please note that to claim VEECs a working system must be decommissioned. A system that is being replaced because it has broken down and is no longer able to create hot water does not qualify for VEECs. The Essential Services Commission conducts random audits of selected applications and will ask questions relating to the decommissioning of your system.			

Declaration by Installer

I hereby declare that;	
<input type="checkbox"/>	I am licensed to undertake the installation of the above system.
<input type="checkbox"/>	The system has been installed in residential premises.
<input type="checkbox"/>	The existing system has been decommissioned so that it can no longer be recommissioned and made usable again.
<input type="checkbox"/>	The installation meets all relevant standards, building codes and local council requirements.
<input type="checkbox"/>	The information provided is complete and accurate and that I am aware that penalties can be applied for providing misleading information in this form under the <i>Victorian Energy Efficiency Target Act 2007</i> .

Terms and Conditions

- Consumers are able to assign their right to create VEECs to an accredited person. In assigning their right to an accredited person, the accredited person will be entitled to create and own the certificates in respect of the prescribed activity undertaken by the consumer. In return, the accredited person should provide consumers with an identifiable benefit for the assignment, such as a price reduction on a product, free installation or a cash-back arrangement. Consumers should be aware that it is their responsibility to negotiate satisfactory terms with the accredited person in return for assigning their right to create VEECs.
- I agree I will repay the amount of the VEEC payment to Greenbank Environmental Pty Ltd should my assignment be invalid or if Greenbank Environmental is unable to create the VEECs with the Essential Services Commission.
- At regular intervals we set the price we are willing to pay for VEECs and inform our network of installers and other suppliers of that price. For each VEEC we are assigned the right to create, we will pay the price prevailing at the time we upload the details of your System into the VEEC registry.
- You authorise Greenbank Environmental to correct any incorrect details included by you in this form.
- Greenbank Environmental cannot be held liable for forms that have not been received by us. If you are faxing your forms in, please print off a fax communications report at the end of your transmission to verify the number of pages actually sent.
- VEECs must be created by 30th June in the year following the activity.
 - i.e. system installed 1/1/2011. VEECs must be created by 30/6/2012
 - system installed 31/12/2011. VEECs must be created by 30/6/2012
 Greenbank Environmental must be given sufficient time to create the VEECs before the 30th June each year.
- Greenbank Environmental reserves the right to update/amend our terms and conditions at any time. Current terms & conditions are available at www.green-bank.com.au
- Applications must be submitted on our current form. Please check our website www.green-bank.com.au to ensure you are using the most recent form.

Privacy Declaration

Greenbank Environmental Pty Ltd will not release any personal or system information provided to any party other than the Energy Regulator for the creation of the VEECs and to the Essential Services Commission.

Payment Details

This will be:	<input type="checkbox"/> direct to the installer / supplier as a payment on your behalf for the installation of the unit.
	<input type="checkbox"/> as a monetary payment being paid back to the me the owner of the unit.
<input type="checkbox"/> EFT Details: BSB#: _____ - _____	ACC#: _____ Name: _____
